FEDERAL CREDIT UNION

Dear Members,

As we begin to explore what a post-pandemic world looks like, we here at the Credit Union would like to take some time to thank our members. This wonderful community has truly banded together, and it has been our pleasure to continue service to our members throughout the entirety of last year. To our members, we would like to note our appreciation for your collective patience and perseverance through all of this. We are happy and proud to announce that our lobby is open (as of May 20th) and we look forward to serving all of you in person!

A look ahead...

There are numerous questions on our minds as we move forward past the pandemic that put life on hold for the past year. One such question is: when will we be able to return to the Annual Meeting and Member Appreciation Day in person? Due to guidelines and regulations, we estimate that 2022 will be the year that in-person festivities will return. As excited as we are to be able to see our members, we also do not want to jeopardize anybody's health. Due to this, we will keep those activities online this year. Give us a call if you have any questions or concerns!

Yearning for online options for your regular banking? Download these recommended apps on your phone for easy and quick alternatives to in-person banking. Stop by or give us a call if you have any questions, concerns, issues, etc...

TouchBanking allows our members to access their account balances, make transfers and loan payments, and login using fingerprint or face I.D!

Go to the App store and download the CardValet App to explore the wide variety of safety options you are able to set on your debit card.

It is no secret that School District 3 Federal Credit Union would not be the Credit Union we are today without the endless efforts of our volunteers. At the core of any community are those who give their time to make it a better place, so we would like to shout-out and commend these individuals for their dedication.
